## ow do I set up and integrate my sports website?

#### If you have a blank domain with no other content on it.

- We provide you with a URL that needs to be added as a CNAME record on the domain configuration page.
- 2. If you have a working website and want additional sport pages added (or a sport section added on an existing page).
  - When the pages are ready, they need to be PROXY embedded on your existing site.

### ow many sports can I have on my sports website?

The amount of sports we offer on our sports data websites is based on the number of sports we have widgets for. We are fully capable of delivering whitelabel solution with a complex structure and multiple widgets for the following sports:
